Academic Integrity Panel

General Faculty Meeting
March 20th, 2018

Tim Petty
Professor of Biological Sciences
Associate Vice Provost, Online and Distance Education, DELTA

Academic Integrity

- Shared responsibility of students and faculty
- Technology alone cannot prevent or detect academic integrity violations
- DELTA blends technical with human support to help faculty:
  - DELTA Workshops; LearnTech help-desk
  - DELTA Testing Centers (proctored exams)

DELTA Testing Centers

Summary

- DELTA blends technical with human support to help faculty address academic integrity issues:
  - **DELTA Workshops** (Instructional Design, Moodle, techniques to deter and detect)
  - **LearnTech help-desk** (informal and formal assistance with investigations)
  - **DELTA Testing Centers** (proctored exams to deter academic integrity violations; staff document incidents)
