

## Academic Success Center at DH Hill Library

- **45,000 GSF** Renovation of Portions of the Ground thru 4<sup>th</sup> Floors of the North & South Towers
- Anticipated Construction **May 2019 – August 2020.**
- **Primary Entrance** to DH Hill to be shifted to Hillsborough Street side via Erdahl Cloyd Wing for the duration of construction. New entrance shall remain.

MEDIUM SHADE  
TREE (TYP.)

CENTERLINE OF  
GARDNER STREET

EXPANDED PLAZA  
TO BE DESIGNED WITH  
FUTURE GATEWAY

1. Primary red brick paths connect adjacent walks to building entries and the Brickyard
2. Secondary "Ribbon" path relates the library plaza to the future gateway plaza at Gardner Street
3. North-south lines of the library plaza and plantings make a gesture toward Hillsborough Street, and relate to significant moments on the building facade
4. The geometry allows bike racks to fit between the paths rather than on the side of them
5. Shifting the path at the western end of the porch northward allows it to be wider and eliminates the need for stairs
6. Ribbon path and the extended plaza are the same material, simplifying the material palette

HILLSBOROUGH STREET

LAWN

BLUESTONE PORCH

SCOTT HALL

HERITAGE  
TREE

D. H. HILL LIBRARY  
ERDAHL-CLOYD WING
