## Academic Progress Rate

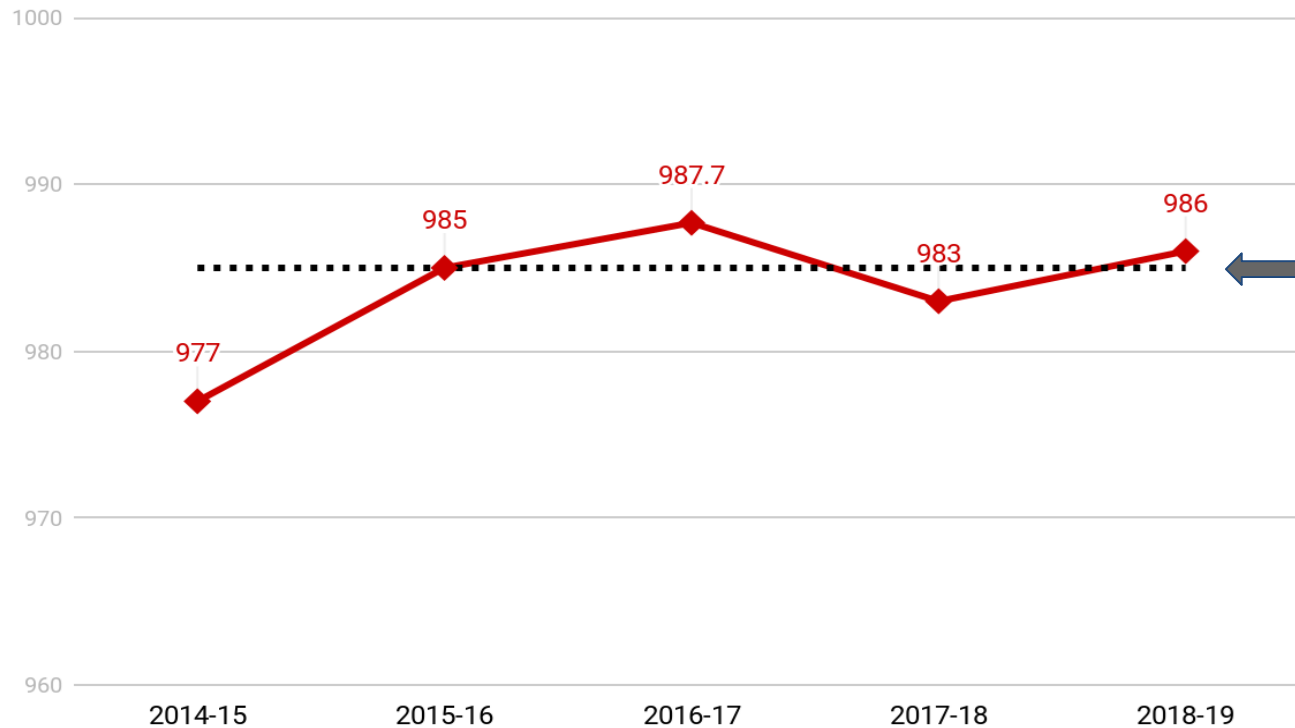

- Team-based metric that tracks the **eligibility** and **retention** of student-athletes each term
- How APR is calculated:
  - Each student-athlete receiving athletically related financial aid earns one point for being academically eligible and one point for returning the next term or graduating.
  - A team's total points are divided by points possible and then multiplied by 1,000 to equal the team's Academic Progress Rate.
  - The rolling four-year APR is used to determine accountability.
