Present

Lisa Bass, Intae Yoon, Robert Riehn, Kenneth Zagacki, Greg Tourino, Jonathan Duggins

Lisa Bass chaired this meeting in Paul's absence.

We discussed the old business of two resolutions that had been considered by the faculty senate.

1. Panopto Resolution: Opt in vs. Opt out for lecture capture. After discussion and vote, the academic policy committee were unanimously in favor of changing our policy to opt in.

We (APC), resolves that this should be done as soon as possible.

The committee thought it was only fair to faculty to opt in rather than to be recorded perhaps unknowingly.

2. The other Robinson resolution we discussed were regarding concern that faculty might take advantage of the freedom to choose how we have classes face to face vs. online. How much freedom should faculty have?

The final discussion during the meeting was regarding the recent NCAA policy pertaining to athlete's ability to earn money based upon their images and brands. Faculty members were concerned that this would/could get out of hand since many student athletes would be earning more that faculty members and some coaches. What would this do for the dynamic?

APC members thought it would be a good idea to invite someone from athletics to address this concern.
