### Agenda Items

1. Faculty Run for Senate Campaign.
  - a. The committee was updated on the *Faculty Run for Senate* communications including emails and flyers.
  - b. Committee members were asked to share the campaign materials and aid in recruiting new senate candidates as needed for their college's
2. Released time for service on Faculty Senate
  - a. Discussion was had on the importance of the University consistently supporting time served on faculty senate on the faculty members SFR.
    - i. This release time should be consistent between Colleges and Departmental Units
    - ii. Dr. Nicholas-Walker took the lead on developing a consensus statement which GoCORE unanimously supported.

**The GOCORE Faculty Senate Committee is advocating for a university-wide mandate awarding release time for senate service. According to university Reg 05.20.27 Statements of Faculty Responsibilities 2.6 Service and Engagement within the University, service to and engagement within all parts of the university is valued, appreciated, and rewarded by NC State. In an effort to highlight the importance of this service, we request that senate service be officially credited as part of the faculty workload. Due to the time commitment involved in participating in multiple committees, we request a standardized credit for service be established. It is believed that this will increase senate involvement in the vital task of shared governance.**

**We propose a course release of at least 1 unit a year but support that discussion between individual senators with their Department Head of other options be required.**

- b. In addition to governance, the committee strongly believes recognizing the effort required for faculty senate service will aid in our recruitment efforts.
